In order to receive your funding, your enrollment must be confirmed. If you have provided a valid e-mail address, you will receive an e-mail asking you to access your account on the StudentAid BC website dashboard, to download a copy of your confirmation of enrollment form about a month before you are eligible to receive the student loan funds. You should send this to the RUSM's Registrar's office so your enrollment can be confirmed and send back to British Columbia Student Financial Aid. After your MSFAA has been processed and your enrollment has been confirmed, your funds will be deposited electronically into the bank account you have specified. The deposit usually occurs within seven business days of the confirmation of enrollment date.

LINES OF CREDIT

Graduate students obtain financing for education through student lines of credit offered by Canadian chartered banks. A credit line is different from a loan because you do not have to borrow the full amount all at once. You can withdraw money from your line of credit as you need it, much like using a credit card.

Student lines of credit are designed to accommodate the special needs of postsecondary students. The banks allow students to defer payment of principal for up to one year after graduation. Although you must make interest payments on the borrowed amount during this period, you have time to complete your studies and find a job before starting to repay the principal. Student lines of credit also tend to have lower interest rates than other nongovernmental forms of borrowing.

If you are interested in obtaining a line of credit, you can apply online, over the phone or at your local bank branch. Note that the figures below may change, so consult your financial institution for updates. You may also want to contact credit unions or banks with which you have a relationship. Special consideration may be given to customers with good credit and existing banking relationships. Please contact your lending institution for more details on their student loan products or lines of credit.
